- Sixth: Abiding by the Iraqi laws in force in the fields of salaries, vacations, hours, working conditions and others as a minimum.
- Seventh: Committing to match the schedule of progress of the work provided by the investor with the sites, provided that the time difference is not more than six months and the national investment commission to lay penalty conditions in case of exceeding the period of six months, and the commission may withdraw the license.

Eighth: Training and rehabilitation of Iraqi employees, increasing their competence, raising their skills and abilities, and priority should be given to employing and recruiting Iraqi workers.

## **Chapter Five**

### **Exemptions**

#### **Article 15**

- First: a. The project obtaining the investment license from the investment commission shall enjoy exemption from taxes and fees for (10) ten years from the date of commencement of commercial operation for each stage of the establishment of the project, this shall not include exemption from customs, taking into account the items (first and second) of article (17) of the Law.<sup>25</sup>
- b. Exemption of the residential investment project from the fees of the real estate partition and registration fees including the fees for the transfer of residential units to citizens (legal fees).
- Second: The Council of ministers may propose draft laws to extend or grant exemptions in addition to the exemptions stipulated in item (1) of this article or provide incentives, guarantees or other advantages to any project, sector or area and the periods and percentages it deems appropriate according to the nature of the activity, In the employment of labour and in the promotion of economic development, in accordance with the national interest.
- Third: The National commission for investment may increase the number of years of exemption from taxes and fees directly proportional to the increase in the proportion of

participation of the Iraqi investor in the project to (15) fifty five years if the proportion of the partnership of the Iraqi investor in the project more than 50%

## **Article 16**

If the project is transferred during the period of exemption granted from a development zone to another development zone, the project shall, for the purposes of exemption provided for in item (1) of article (15) during the remaining period, be treated the same treatment as the transferred development area, Provided to inform the National Investment commission.

## **Article 17**

The project that has an investment license also enjoys the following:

First: Exempting the assets imported for the purposes of the investment project from taxes and customs fees, provided that to be entered into Iraq during the stages of the establishment of the project and before starting commercial operation of each stage of its stages according to the basic design of the project and the duration of its implementation.<sup>26</sup>

Second: The imported assets required to expand, develop or update the project shall be exempted from fees if this increases the design capacity, provided that it is introduced within three (3) years from the date of notifying commission of expansion or development. The expansion is intended for the purpose of this law to add fixed capital assets in order to increase the design capacity of the project of goods, services or materials by more than (15%). As for the development intended for the purpose of this law is to replace advanced machines with project machines partially or wholly, or developing the devices and equipment existing in the project by adding new machines or devices or parts thereof in order to raise production efficiency or improve and develop the type of products and services.

Third: Spare parts imported for the purposes of the project shall be exempted from fees, provided that the value of these pieces does not exceed (20%) twenty per cent of the

## Laws

## Amended Investment Law

amount of the purchase of the assets, provided that the investor does not dispose of them other than purposes they imported for.

Fourth: Projects of hotels, tourist institutions, hospitals, health institutions, rehabilitation centres, educational and scientific institutions shall be granted additional exemptions from the importation of furniture, and supplies for the purposes of modernization and renewal every four (4) years at least, provided that they are introduced into Iraq or used in the project within (3) years from the date of the commission's decision to approve the import lists and quantities, provided that they are not used for other than purposes imported for them.

Fifth<sup>27</sup>: a. Exempting the imported raw materials for the purposes of commercial operation of the project from taxes, customs, and the intervening in the manufacture of items of ration card, medicines and construction (except for the raw materials available and produced in Iraq), provided that they are environmentally friendly.

b. Except as provided in paragraph (a) of this item, the raw materials shall be exempted imported for the commercial operation of the project of taxes and customs duties according to the contribution of local materials in the manufacture of the product, provided that to be determined by the controls set by the national investment commission in coordination with the sectorial authorities.

## Article 18

If it is found that the exempted-from-taxes-and-fees assets of the project , all or some of them, , have been sold contrary to the provisions of this law, or used illegally, or used in other than the authorized purposes, the investor must pay the taxes, fees and fines ensued in accordance with the law.

## Chapter Six

Second: a. The commission shall, through the single window, approach the sectorial entities through their authorized delegates referred to in item (1) regarding obtaining their approval of the investment project. These entities must issue their decision to approve the investment project. Those parties must issue their decision to approve, reject or request amendment within fifteen (15) days from the date of

notification thereof. The representative of the governmental bodies shall be commit to obtain the answer during that period. The non-response by the party required give the opinion during the above period shall be deemed as approval. In case of rejection, it must be reasoned

- b. The single window may, in the event of the passage of the period referred to in paragraph (a) of item (ii) above or in the case of non-causeless rejection or arbitrary rejection by the sectorial authorities, submit its recommendation to grant the investment license to the chairman of the concerned commission or the board of directors as the case may be, with a view to issuing it in accordance with this law.<sup>31</sup>
- c. All government entities shall abide by the issuance of the investment license in cooperation with the commission to fulfil the requirements of starting the investment project within thirty (30) days from the date of its issue.

Third: In the case of disagreement between the decision of the national investment commission and the other relevant entity on the granting of a license to establish other than the commission of the regions, disagreement shall raise to the prime minister to decide no it.

Fourth:<sup>32</sup>

- a. Upon rejection of the application for foundation, the applicant may request the head of the regional or non-governorate commission to review it within fifteen (15) days from the date of notification of the rejection decision. The head of the concerned commission shall decide the application within (7) days from the date of registration In his office.
- b. The applicant may object to the national investment commission within fifteen (15) days from the date of issue of the rejection decision. The commission must decide on the objection within fifteen (15) days from the date of its registration in the office of the chairman of the national investment commission.
- c. If the national investment commission rejects the application for incorporation submitted to it, then the applicant may request the commission to review it within (15) fifteen days from the date of notification of the rejection decision. The Commission shall decide on the application within seven (7) days from the date of its registration in the office of the Chairman of the commission, and its decision

- can be challenged by the council of ministers within (15) fifteen days from the date of notification.
- d. The investor may lodge a complaint with the chairman of the commission concerned within fifteen (15) days from date of notification thereof. The chairman of the commission must decide on it within fifteen (15) days from the date of registering the grievance with the commission. The non-response during this period considered as a refusal to appeal.<sup>32</sup>
  - e. The complainant, whose grievance has been rejected inclusively or actually may lodge a grievance with the chairman of the national investment commission within fifteen (15) days from the date of notification of the rejection decision. The chairman of the commission shall decide on the grievance within fifteen (15) days from the date of registering the grievance in his office.
  - f. If the appeal has been rejected or the period stipulated in item (e) has expired of this article without considering the complaint, applicant may appeal before the competent courts.

## **Chapter Seven**

### **General Provisions**

#### **Article 21**

The capital of the project covered by the provisions of this law shall consist of the following:

First: Cash transferred to Iraq through banks and financial companies or any other legal method for investment for the purposes of this law.

Second: Funds in kind and moral rights supplied to Iraq or purchased from the local markets by cash transferred to Iraq are:

- a. In- kind funds related to the project.

- b. Machinery, equipment, buildings, construction, means of transport, furniture and office supplies required for the establishment of the project.
- c. Moral rights which include patents, registered technical well-known trademarks, engineering, administrative, marketing services and the like.

Third: The profits, revenues and reserves resulting from capital investment in Iraq in the project if the capital of this project is increased or if it is invested in another project covered by the provisions of this law.

### Article 22

Foreign investors shall enjoy additional privileges in accordance with international agreements between Iraq and his state, or multilateral international agreements to which Iraq has acceded.

### Article 23

If the ownership of the project is transferred during the period of exemption granted to it, the project shall continue to enjoy the exemptions, facilities and guarantees granted until the expiry of that period, provided that the new investor continues to work in the project in the same field or in another field after the approval of the commission, and replaces the previous investor in the rights and obligations arising under the provisions of this law.

### Article 24

First: The investor may, with the approval of the commission, sell or waive the exempted assets to another investor benefiting from the provisions of this law, provided that he shall use them in his project.

## Laws

## Amended Investment Law

Second: The investor may, after notifying the commission, sell the exempted assets to any other person or project not covered by the provisions of this law after paying the fees and taxes due thereon.

Third: The investor, with the approval of the commission, may re-export the exempted assets.

### Article 25

If two or more companies or enterprises merge, the new company or entity resulting from this merger shall be bound by establishing separate accounts for each project prior to the merger, for registering and applying the exemptions and facilities provided for in this law during the remaining period of the exemption.

### Article 26

Any project approved under the provisions of the preceding laws shall continue to benefit from the exemptions granted to it under that Law until the expiry of the exemption period and its conditions.

### Article 27

First: Disputes resulting from the application of this law shall be subject to Iraqi law and the jurisdiction of the Iraqi judiciary. It may be agreed with the investor to resort to commercial arbitration (national or international) pursuant to an agreement concluded between the two parties, according to which the arbitration proceedings and the applicable law shall be determined.<sup>34</sup>

Second: If there is a dispute between the partners, the following procedures shall be followed:

- a. If the project is suspended for a period of more than 30 (three) months, then the investor shall be notified of settlement of the dispute within thirty (30) days from the

date of the notification, and in case of non-response, the delayed investor shall be bearded with a delay penalty commensurate with the delay period, provided that the cumulative shall not exceed (10%) ten per cent of the cost of the project.

- b. The party that breached his obligations shall be excluded after the period specified in paragraph (a) of this item and the non-breaching partner or the person who is satisfied by him shall replace him in rights and obligations after obtaining the approval of the granting authority and without prejudice to the right of the commission to withdraw the investment license after the stipulated period in paragraph (a) of this item.

Third: In the case of suspension of work in the investment project due to the dispute between the investor and third parties, and after taking into account the period stipulated in paragraph (a) of this item, the commission may take the legal procedures to liquidate the project with notifying the project owner and depositing the amount of liquidation in a bank after the fulfillment of the right of the state or any rights of others is fixed by a court ruling to entitle them. Moreover, the third party, if he is the lender or the financier, has the right before the commencement of the liquidation proceedings by requiring the commission to grant the license to replace the investor, the question of whether or not to accept such application shall be due to the granting commission.

## **Article 28**

First: In case the investor violating the provisions of this law, the commission may take the following actions: <sup>35</sup>

- a. Notifying the investor to remove the violation or start the implementation of the project during the period determined by the commission.
- b. If the investor fails to remove the violation during the period specified by the commission, a final warning shall be given to the investor for (30) thirty days from the date of the warning. By the end of the period, a delay penalty shall be imposed commensurate with the amount of time variance, provided that the cumulative total shall not exceed 10% of the cost of the project.

- c. When the investor stipulated in paragraphs (a) and (b) of this item fails to comply with the provisions, the commission may withdraw the investment license of the project from the date of the violation; with others retain the right to claim compensation against the investor for the damage caused by the violation without prejudice to any penalties other.

Second: The commission shall withdraw the investment license if the investor gives incorrect or misleading information or illegal methods resulting in obtaining any privilege or benefit in accordance with the provisions of this law.

### Article 29

All areas of investment shall be subject to the provisions of this Law except as follows:

First: Investment in the extraction and production of oil and gas.

Second: Investment in the banking and insurance companies.

### Article 30

Council of Ministers may:

First: Issuing regulations to facilitate the implementation of the provisions of this law.

Second: Issuing internal regulations that define the commission's formations, divisions, functions and workflow, the powers, financial affairs, personnel and any other matters.

### Article 31

The commission may issue instructions to facilitate regulations issued by the council of ministers in accordance with the provisions of this law.

### Article 32

- a. The provisions of this law shall apply to the mixed and private sector projects and the sectors existing and treated at the request of its administrations and the approval of the commission without retroactive effect.<sup>36</sup>

## Laws

## Amended Investment Law

- b. Public-private partnership projects, including private and mixed-sector projects, shall be included the provisions of this law before and after the entry into force of this law, provided that such exemption shall not result in any taxes and fees due before its entry into force.
- c. The council of ministers may replace the lands and establishments belonging to the public sector in exchange for the establishment of new facilities with modern production lines, to be as exception from the relevant legislations in accordance with instructions issued by the council of minister, provided that the ownership of the replaced land remains with the state.

### Article 33

Any provision incompatible with the provisions of this law shall not be enforced.

### Article 34

Coalition Provisional Authority (CPA) (dissolved) Order No. (39) Of 2003 shall be repealed.

### Article 35

The Arab investment law issued by the dissolved revolutionary command council (dissolved) No. 62 of 2002 shall be repealed.

### Article 36

This law shall be effective once it is published in the gazette.
